👤 PROFESSIONAL SUMMARY

Enthusiastic Python Developer with 5 years of experience in developing efficient web applications with Django and Flask. Proficient in leveraging advanced Python libraries and frameworks to optimize performance and user experience. Eager to contribute innovative solutions that enhance functionality and streamline processes in dynamic environments.

🖥 WORK EXPERIENCE

Python Developer
Maple Leaf Consulting

📅 Jan / 2021-Ongoing
📍 Toronto, ON

1. Developed and maintained web applications using Python 3, HTML5, CSS3, and JavaScript frameworks.
2. Implemented Django 1.7 MVC framework to create dynamic and responsive web solutions.
3. Utilized Django technologies including ORM for efficient database interactions.
4. Designed and executed unit tests to ensure application reliability and performance.
5. Collaborated with cross-functional teams to gather requirements and deliver high-quality software.
6. Managed version control using Git, ensuring code integrity and collaboration.
7. Generated comprehensive reports in various formats, enhancing data accessibility.

Python Developer
**Crescent Moon Design**

📅 Jan / 2020-Jan / 2021
📍 Portland, OR

1. Developed Python scripts for data parsing and integration into databases.
2. Employed Pandas for effective data manipulation and transformation tasks.
3. Participated in environment setup and software installation processes.
4. Streamlined data cleaning processes, improving data quality for analysis.
5. Maintained data integrity through rigorous validation checks.

🎓 EDUCATION

Bachelor of Science in Computer Science
University of California

📅 Jan / 2019 - Jan / 2020
📍 Phoenix, AZ

Focused on software development and data structures, with extensive coursework in Python programming and web development.

💡 SKILLS

Web Scraping

Software Development

Matplotlib

Seaborn

Tensorflow
